

# WEAVING VIRGINIA'S WESTERN HIGHLANDS ARTISAN TRAIL

Each trail site along the Artisan Trail Network posting the Artisans Center of Virginia's (ACV) trail logo, has met certain guidelines in an effort to provide you with a pleasing "hand-made and locally grown" travel experience.

Please note that the artist-rendered map is not to scale; it is designed as a guide to give you an approximation of your destination; therefore use of an official VA road map is recommended. A free VA Transportation map can be acquired at [virginia.org](http://virginia.org) or at VA Welcome Centers.

We highly recommend calling ahead to your destination to confirm or for any special considerations. Nothing is worse than arriving to discover the attraction you drove miles to visit is closed. Please note that some sites post "by appointment only" and/or the "Call Ahead" icon and appreciate your consideration.
